

Private Swimming Lessons

REGISTRATION: We strongly recommend you register by RHeReg or TTR. Registration Forms received by mail, fax or in person will be processed randomly after RHeReg/TTR registration opens. Registration for Fall 2011 AND Winter 2012 for private lessons is Tuesday, September 13 for ALL pools starting at 7 a.m. Please refer to pages 115 for full registration information. New private lessons may be added prior to program start dates.

PRIVATE SWIMMING LESSONS (one participant and one instructor):

These classes are intended for participants ages 3 and older who have repeated a level several times and require an opportunity to focus on completing specific skills in order to move on to the next level. Private Lessons are recommended for persons with a disability who are not comfortable in a group lesson environment. Due to the high demand on swimming lessons, Richmond Hill's first priority is to provide as many group lessons as possible. Additional Private Swimming Lesson times may become available for registration. Please refer to the RHeReg system at RichmondHill.ca/eReg for additional private lesson times.

SEMI-PRIVATE LESSONS:

Participants must group two children together at the same level for a semi-private lesson. Please register one participant for a private class and then provide that pool with a Registration Form and payment for additional participant(s).

TINY TOTS PRIVATE SWIMMING LESSONS:

This 20-minute, private lesson series is designed for preschoolers who are developing as new and intermediate swimmers. Instructors will work on the fundamentals of swimming skills, using the Lifesaving Society's Preschool Program as the evaluation criteria. Candidates must be between the ages of 3 months to 5 years to register for this program.

IMPORTANT INFORMATION

- Please be advised we are unable to accommodate any requests for specific instructors or gender.
- In the first lesson, please bring the instructor a copy of your child's most recent Aquatic Progress Card (report card). If not available, please inform the instructor about your child's swimming history and the level he/she is working on.
- Private and semi-private lessons are not available for the Patrol or Bronze levels.

The SWIM FOR LIFE PROGRAM focuses on the development of stroke techniques and survival skills.

Swim for Life is a national program designed by the Lifesaving Society with carefully defined performance criteria in each level. There are six levels for children aged 5 to 12. It may take a child several sessions to complete a level. One session provides only four and a half to nine hours of instruction and it is unlikely a child will complete a level in a single nine-week session. The focus is on progressing and continuous improvement.

Your child may be able to swim the required distance but they may not be using the expected techniques to get there. Proper swimming techniques are the focus of this program. Each child is an individual, thus their skills will develop at their own pace. Our goal is to provide continuous learning, fun and safety in and around the water!

Swimming is a life-long skill that requires a great deal of practice. The more they practice, the better swimmers they will become! We encourage you to bring your child to our Leisure Swims to practice their skills.

And be sure to support your child by praising his or her effort in the pool. Remember that children develop swimming skills at different rates. Together we can shift the focus away from passing/failing and focus on learning to swim, being safe around the water and having fun.

For more information, please contact the Pool Supervisor on duty.
